Description

Tucked into one of the most sought-after neighborhoods of Todos Santos, this distinctive property in Las Tunas offers a lifestyle defined far more by space, sky, and ocean air than by interior square footage. The home features two bedrooms and two baths, yet it lives expansively thanks to the thoughtfully designed outdoor living areas--spaces that truly capture what coastal Baja living is all about.

The patios function as an extension of the home, creating multiple zones for gathering, relaxing, and entertaining. Upstairs, a generous sectional invites long evenings warmed by a fire pit. Enjoy ocean and mountain views from this second level or head upstairs to the rooftop deck, ideal for
