Description

This charming, self-contained home in Santuario Los Cabos on the Pacific side offers a rare glimpse of what Cabo felt like 25 years ago--quiet, natural, and untouched. The property features 2 bedrooms, 1 bathroom, 160 m² of living space, and sits on an expansive 5,085 m² lot, providing exceptional privacy and room to grow.

Santuario Los Cabos is a thoughtfully designed sustainable community centered around regenerative architecture and environmental preservation. Built to live with the desert rather than over it, the master plan protects natural views, wildlife corridors, and native vegetation--creating a peaceful setting that feels worlds away from high-density developments.
