Description

Set on a gentle rise in Playas Pacificas, this 1.2-acre lot offers wide, uninterrupted views of the Sea of Cortez. Two natural building levels provide flexibility for a main home and guest casita, both positioned to capture the outlook and coastal breezes. Community water is in place, with paved access to a peaceful setting that still feels connected.

Walk down to miles of quiet, isolated beaches just moments away, then return for unforgettable sunsets--watch for the green flash. As night falls, the sky fills with brilliant stars, with no ambient light to dim the view.
