Description

Barlovento Project presents an exceptional investment and development opportunity for investors or developers looking to immediately resume construction upon acquisition. This shovel-ready development includes an active construction permit valid for the next 3 years, significantly reducing timelines, administrative delays, and pre-development costs commonly associated with new projects.

The sale includes the land, architectural plans, structural plans, and installation projects for the development of 7 two-bedroom, two-bathroom condominiums, plus 1 three-bedroom, 2.5-bathroom penthouse unit. The project also contemplates one parking space per unit, elevator access, a 5,000-liter cistern w
