Description

An increasingly uncommon opportunity to acquire three distinct parcels--offered together as one legacy-scale holding--in the heart of El Pescadero, Baja California Sur.

Combining more than 74,782 m² (7.47 hectares / 18.48 acres) of fertile agricultural land and authentic Pacific beachfront, this property represents the kind of offering that seldom reaches the market in one of Baja's most desirable and steadily evolving coastal communities.

Set on the ocean side of Highway 19 in the agricultural corridor of Pescadero, the property captures the essence of what has drawn people to this area for decades: rich farmland, open space, direct access to the Pacific, and a lifestyle deeply connect
