Description

Perched on the ocean-side cliffs of the gated Rancho Cerro Colorado, Villa Colorado is a modern pre-construction masterpiece by Custom Homes Mexico. This 6-bedroom, 6.5-bathroom estate is designed entirely for the buyer who craves absolute privacy, opulence and a spectacular view of the Sea of Cortez.

The architecture seamlessly blends grand scale with intimate luxury. Inside, a dramatic double-height living room features a floor-to-ceiling marble media wall and rich wood paneling. The adjacent chef's kitchen is a culinary showpiece, anchored by a massive marble waterfall island and premium integrated appliances. Even the primary suite feels like a secluded oasis, wrapped in warm, moody wood
