Description

Another beautiful home from the Francisco designers! This one is two stories with a master suite and guest bedroom on the first floor (2 full bathrooms), along with a gorgeous granite and parota wood kitchen, and a second master with a huge view terrace upstairs. There is a roof top pergola also with spectacular 360 degree views. The front is walled and gated, sides are fenced, with a pool, covered parking and basic landscaping, what more could you ask for? Please press MORE for a list of inclusions and payment schedule.
