# Description

Built in 2023, this eco-conscious home features a bright, open-concept layout filled with natural light, along with durable pulido floors and finishes that feel both practical and serene.

Ocean and mountain views create a beautiful sense of openness and connection to the surrounding landscape.

Patio areas extend the living space naturally, offering perfect spots for morning coffee or catching incredible evening sunsets.

Garden beds are ready with herbs and vegetables, and fruit trees are currently producing. Meandering paths wind through the quarter-acre lot, leading to additional sitting areas that invite relaxation and connection with the surrounding environment.
